TRAINING is provided in two ways:

ASAD Online Training Series (OTS) is a series of FREE online conferences in which the participants are instructed in the use of ASAD and/or ASADLt (light version) and can interactively present questions and comments. These conferences are conducted over the internet using GoToMeeting.com technology. The series covers all aspects of using ASAD(Lt). ASAD-Lt (light version) consists of a single conference while ASAD (full version) consist of 5 conferences (modules) of about 90 minutes each. OTS conferences:

- ASAD Project Setup - module 1 of 5
- ASAD Design (part 1) - module 2 of 5
- ASAD Design (part 2) - module 3 of 5
- ASAD Plans Production (part 1) - module 4 of 5
- ASAD Plans Production (part 2) - module 5 of 5
- ASAD-Lt (*Light Version Only*) - module 1 of 1

PRICING

ASAD License Purchase Price **\$ 1,500.00 per license**

Each ASAD license includes:

- Installation CD
- User's manual
- Single-user USB hardware Lock (optional Network Lock available – see below)
- Online and/or onsite training
- One-year technical support & program updates

Technical Support/Upgrade **\$ 575.00 per license per year**

- *No charge* for first year's technical support (included in purchase price).
- Subsequent year's technical support due on purchase anniversary date.

Network Hardware Lock (optional) **\$300.00 per LAN (local area network)**

A single network lock replaces single-user locks and allows multiple users, up to the maximum number of licenses, to run ASAD anywhere on the LAN (local area network). This lock requires that the server, with the lock attached, and all clients (ASAD users) be in the same subnet (LAN router). This locking mechanism ***will not*** work across the internet. No internet locking mechanism is currently available.
